VALIDITY

The credential is still valid.

Micro-credentials: un'iniziativa comune Commissari Europei Gabriel e Schmit

Definizione - Interim draft

"A micro-credential is a recognised proof of the learning outcomes that a learner has acquired following a short learning experience. These learning outcomes have been assessed against transparent standards."

Approccio Europeo

OBIETTIVI

- **Sostenere apprendimento continuo per tutto l'arco della vita**
- **Migliorare accesso**
- **Supportare modularità e flessibilità**
- **Supportare qualità, trasparenza e portabilità delle micro-credentials in Europa**

AZIONE

- **Sviluppare standard europei per qualità e trasparenza**
- **Esplorare l'inclusione in quadri delle qualifiche**
- **Interazione con Europass**

Dear Mr / Ms

I am writing this letter to apply for the course on Professional Image Editing which will start in September 2018 in the ESG Professional Photography School in Hasselt.

As a professional photographer specialised in portrait and product photography, but also passionate about nature photography, I would like to further improve my knowledge and expertise in image editing.

Currently, I'm using Adobe Photoshop on a regular basis and have occasionally worked with Alien Skin software. I experience my lack of knowledge on a wider range of image editing software to limit my growth as a professional photographer. My former professor,

Dear Mr / Ms

I am writing this letter to apply for the course on Professional Image Editing which will start in September 2018 in the ESG Professional Photography School in Hasselt.

As a professional photographer specialised in portrait and product photography, but also passionate about nature photography, I would like to further improve my knowledge and expertise in image editing.

Currently, I'm using Adobe Photoshop on a regular basis and have occasionally worked with Alien Skin software. I experience my lack of knowledge on a wider range of image editing software to limit my growth as a professional photographer. My former professor, Ms Leis Organa, recommended your course to further build my knowledge base in the field of image editing software. Relying on her professional opinion, I strongly believe that this course is exactly what I need to drive my continued professional growth.
